GRAND OPENING

March 18, 2007

New Brunswick Lodge 324

40 Livingston Ave.

New Brunswick, NJ

**This is a historic day in
ELK History**

Today after looking for many years we have found a home in the heart of New Jersey for our museum.

New Brunswick Lodge 324, being over 100 years old and rich in Tradition will be Dedicated as the site for "THE NEW JERSEY STATE HISTORICAL HOME".

This is a location where we and future ELKS and their Families can witness our proud Heritage and see examples of our past.

Displayed in our showcases are ELK artifacts dating back over one hundred years while some date back to yesterday. Some of our displays will keep changing, some being removed and some being added. So when you stop by and look one day you may see something of yours or your loved ones.

It should be noted that all present realize that you are now part of that HISTORY

THANKS to New Brunswick Lodge 324 and all those Past and Present that made this day possible.

Cliff Lenox
